ANNUAL NEWS LETTER 2022

Seethi Sahib Memorial Polytechnic College is a Government - Aided Polytechnic College established in 1962 by the Kerala Muslim Educational Association, (KMEA). This institution has made great strides in technical proficiency and has blazed a trail for others to follow. The standard of technical education it upholds is unparalleled. The quality of the students passing out year after year and the high rank they produce reflect the superiority of our technical training. The highly competent faculty of this prestigious institution is the impetus behind these great achievements. The governing body consists of representatives of the management, State Government, and All India Council for Technical Education (AICTE) with the Principal as Ex-officio member. Strategic Planning Group (SPG) assists the planning functions.

VISION OF THE INSTITUTION

To be an institution of excellence in developing technically competent and socially committed engineers.

MISSION OF THE INSTITUTION

M-1: To Impart quality education by fostering technology innovations for sustainable development.

M-2: To Develop professional as well as entrepreneurial culture by adopting technological changes.

M-3: To Inculcate team spirit and ethical values by engaging in social endeavours

VISION OF THE DEPARTMENT

To be a centre of excellence in Electronics Engineering, in tune with the industrial trends and societal needs.

MISSION OF THE DEPARTMENT

M-1: To impart knowledge and technical skills in electronics engineering through the innovative teaching-learning process

M-2: To provide opportunities and practical exposure to become a proficient technologist and entrepreneur.

M-3: To inculcate ethical and moral values by promoting activities addressing the needs of the society and environment.

Seethi Sahib Memorial Polytechnic College is one of the prominent centres of technical education in the state runs under Kerala Muslim Educational Association. The stalwarts of this association had a farsighted vision to impart technical education and uplift the then educationally and socially backward sects of the district Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education.

PRINCIPAL

P.I. BASHEER

It is my great privilege to warmly welcome you, to the portals of Seethi Sahib Memorial polytechnic college. Established in 1962, the college has emerged as a center for academic excellence in engineering education. The college contributes to quality education in all major disciplines of diploma in that to meet the needs of industry for trained technical manpower with practical experience and sound theoretical knowledge

The major focus of the institution is to empower students with sound knowledge, wisdom, experience and training both at the academic level of Engineering and in the highly competitive global industrial market. We feel elated in attaining academic excellence and to create a breed of qualified, innovative and dynamic professionals both on government and corporate sectors

Apart from academic activities, the co-curricular activities- Sports, NSS, NCC, and Social Service activities form a vital ingredient of the students grooming leading to their holistic personality development.

The children set up a bottle booth in the model of a bottle to sell Tirur plastic bottles. Tirur Govt., the venue for the annual celebration of the state government. The Bottle Booth is located at the entrance to the Exhibition City of Boys Higher Secondary School. Tirur S.S.M. NSS Polytechnic College It was built by students and teachers using waste materials.

Because it is in the shape of a bottle, the bottle booth is able to catch the attention of all those who come to the fair. Such an idea was given to the students by Shu Chitwa Mission to avoid those who come to the fair from carelessly throwing away plastic bottles. Then SSM Polytechnic college electronics student K. NSS led by Irshad Volunteers were giving testimony. Abandoned banner and wires. 2nd year student Irshad from Electronics department contributed the work .

On occasion of national women and children's day, and a LED construction class was held at the SSM PTC for women on 24/01/2022. This class was held for the female students to make them technically talented. And if possible this can be an income for so many students who is willing for a startup.
